

**Warehousing & Atrium
LED lighting upgrades**

Category of job:
Energy Efficiency

Location:
Swindon

Contract value:
£80,000

This substantial LED lighting upgrade involved upgrading both the low bay and high bay warehouses as well as the main atrium. In total circa 500 lights were replaced. The client had a requirement to reduce ongoing maintenance, improve light distribution and reduce costs. Abbey Electrical designed a scheme that met these requirements, providing ROI of circa 2 years. Works were completed on schedule and on budget. Additionally, the emergency lighting was re-designed and upgraded to comply with current standards and regulations
